

## Tim von Swine Collects XRCO Nominations, Continues to Thrive in New Genre

The 2016 XRCO Awards nominations included a pair noms for veteran smut director and meat slinger Tim von Swine. His skills both behind and in front of the camera earned recognition once again. The honors cap off another successful year of shooting and porking for Swiney.

Tim saw his name on the list this year as Best Director Non-Features. To be named as one of the top directors in XXX is an honor bestowed on a select few, something not lost on the AVN Hall of Fame director.

"There are a lot of dudes who shoot smut," says Swiney. "There are a lot of really talented guys who do this and never see their names put up with the greats. To have the men and women who critique porn for a living appreciate my work enough to consider me for this award is a great honor."

Tim's work on the POV Pervert series was again recognized, helping the long-running series earn a sixth consecutive nomination as Best POV Series. In what can only be considered a dynasty, POV Pervert is riding an incredible winning streak in the category. In the five years since XRCO began recognizing POV Series as a category, no other series has earned the hardware. Swiney is hoping for sweet sixth.

"I know we always say that it's great to be nominated," he says. "And believe me, it is. But I won't lie, winning is pretty damn sweet. Mike (John) and I have put a lot of our blood, sweat and other juices into this line and we are proud of it. Last year, we got one for the thumb as they say, but I have a whole other hand to fill up, not to mention another appendage to hand hardware off of."

When he isn't busy shooting the hottest POV action in the biz and scooping up awards, Swiney keeps busy with 'Swiney's Pro-Am', his members based streaming site currently available through C4Slive.com. <http://swineyspro-am.c4slive.com>.

With a strong focus on the meat and potatoes of smut, "Swiney's Pro-Am" features some of the hottest stars in XXX stripping things to bare bones and going hog wild with Swine and his friends. It is a throwback to his early work as well as the porn he fell in love with before he made his way into the jizz biz.

"I just try and keep it really simple on set," says von Swine. "While other people are adding all kinds of whistles and bells to their stuff, I am just shooting the kind of stuff I loved I would want to jerk off to. Hot girls, POV angles and great sex."

This simple approach has worked so far, allowing "Swiney's Pro-Am" to gain a strong foothold as a clips store and propelled it to the top of a growing new genre of Chubbold porn. Featuring male talent with a more fan-friendly physique, this new strain of smut is doing for men what the increased acceptance of BBW porn has done for women of all sizes.

"We are finding that the fans really relate to what we're doing," says von Swine. "Whether it's the real sexuality that the women bring or the non-threatening nature of watching real dudes bang on camera, we have found an audience. I just want to keep doing what I do. Who knows, if this keeps

growing maybe the critics will recognize my other skills and you will see name up there with Manuel, Lex, Mick and Flash."

The XRCO Awards take place on June 22<sup>nd</sup> in Hollywood. Members of the adult entertainment industry are invited to RSVP at <https://www.eventbrite.com/myevent?eid=24858942767>
